

ADD PT HP

DEGREASING ADDITIVE FOR SPRAYING OR HIGH PRESSURE CLEANING

APPLICATION

ADD PT HP is a cleaning agent developed to degrease with acid product, as additive to degreasing and phosphate system **PHOSTRI SR HP**.

ADD PT HP, because of its no foaming properties, is used in high pressure cleaning or in spraying tunnel.

PROPERTIES :

ASPECT	Transparent liquid.
pH:	7,00
SPECIFIC GRAVITY	1,0 ± 0,05 Kg / lt
COMPOSITION:	Non ionic tensioactive

APPLICATION

Use	Concentration	Temperature	Contact time	Pression
High pressure	1 - 5%	40 - 100°C	1 - 3 minutes	50 - 120 bars

Use **ADD PT HP** to increase the degreasing powder (see Technical Data Sheet).

SAFETY

Read carefully MSDS of ADD TP HP before using the product
